# Ornamental IRON WORKS, INC.

• IRON • BRONZE • ALUMINUM • STAINLESS STEEL

Since 1933, Mueller Ornamental Iron Works has created custom interior metalwork using iron, bronze, aluminum, and stainless steel. You can choose from very ornate hand-forged railings and decorative gates to more modern horizontal line railings or glass rails. Metal rails can be designed and constructed with the greatest flexibility for all types of applications.

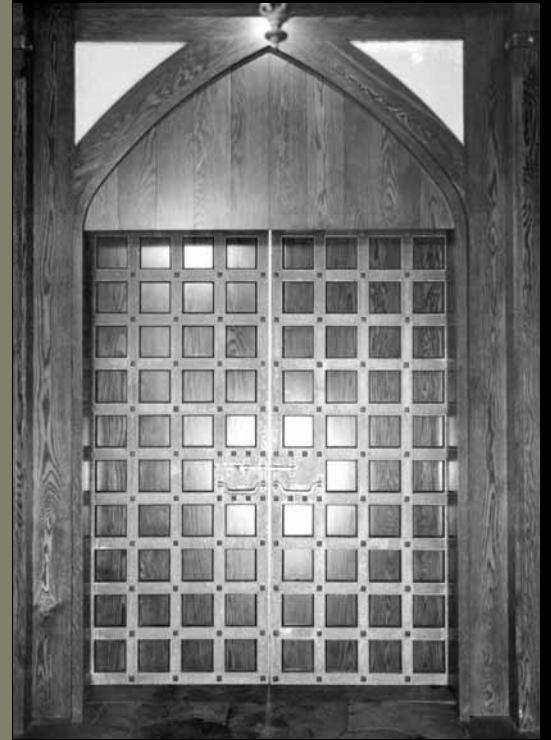

All of our work is created to occupy a unique position in your home, creating elegance and distinction that cannot be obtained with other materials.

Craftsmanship  
Combined with  
New World Ideas.”*

Whether curved or straight, our rails are made to fit your stair. We offer several finishes from powder coatings to patinas, and custom finishes such as wire wheel and sand or shot blasting. The craftsmen at Mueller Iron use hand-hammered and hand-forged methods to create an elegant, unique, lasting impression.

# EXTERIORS

## ORNAMENTAL IRON WORKS

Since 1933, Mueller Ornamental Iron Works has created custom exterior metalwork that enhances and beautifies its surroundings and provides security, safety, and peace of mind. Styles range from a basic composition of straight pickets and spears to the more ornate – using arches, curves, scrolls, castings, and forging. We can create a beautiful statement with our design expertise, or work with your preexisting designs. The use of beautiful powder coat finishes and galvanizing, which is a highly recommended procedure in harsh climates provides a lasting impression with minimal maintenance.

• IRON • BRONZE • ALUMINUM • STAINLESS STEEL

Exterior metalwork can serve to enrich your current exterior facade. Ironwork imparts a quiet richness and variety to a building and neighborhood. It is used on windows and doors for security, on stairs and balconies for safety, and around yards and flowerbeds for privacy and protection. Protect and beautify your home or business at the same time using ornamental metals.

Mueller Ornamental Iron Works creates driveway gates and fencing in the Old World tradition that will last a lifetime. By utilizing solid bar pickets and heavy gauge tubing posts, we create distinctive beauty along with security and protection.

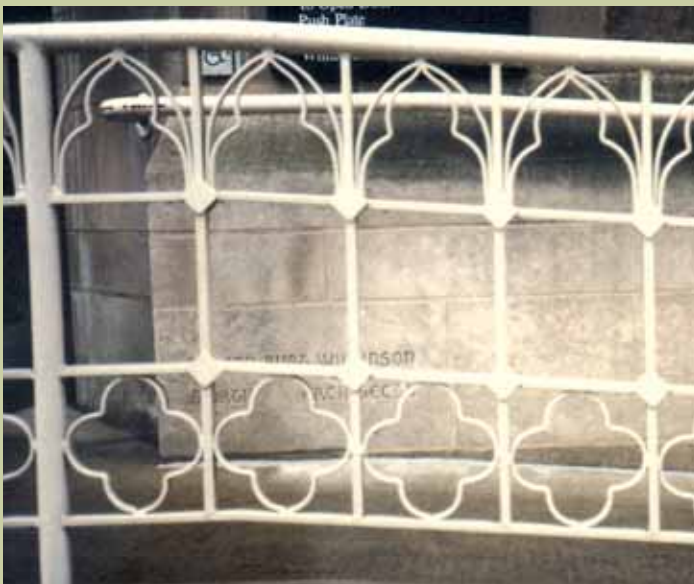

# EXTERIORS

## ORNAMENTAL IRON WORKS

Exterior metal work is more than just decorative, it serves to:

- Provide contrast in color
- Insure permanence and strength
- Impart interest and beauty
- Convey a unique, original design statement

# RESTORATION/ HOME FURNISHING

## ORNAMENTAL IRON WORKS

Since 1933, the skilled craftsmen of Mueller Ornamental Iron Works have given architectural metal new life by replicating and restoring classic pieces made of iron, brass, and aluminum for both exterior and interior applications. Metalwork expresses the interests and personality of the owner. The restoration of fine architectural metal items is a personal commitment of the Mueller organization; our goal is to preserve the rich history and tradition of metalwork. Through restoration, we are given the opportunity to explore the past and apply Old World techniques to modern designs.

# FUNCTIONAL

## ORNAMENTAL IRON WORKS

Enrich your surroundings with ornamental metalwork by Mueller Ornamental Iron Works.

Mueller Ornamental Iron Works has taken pride in producing high quality ornamental metalwork for both exterior and interior applications since 1933. Our standard exterior railing system consists of 1" solid posts and 1/2" solid pickets. Each railing system is created with strict attention to detail by skilled craftsmen. The standard styles are manufactured as solid welded units that will last a lifetime with proper maintenance.
